

No matter what your goals are, Fly Legacy Aviation has the expertise and equipment to get you there

Fly Legacy Aviation offers FAA certified programs for professional as well as recreational pilots. Fly Legacy is conveniently located at the Northeast Philadelphia Airport, with 7,000-foot and 5,000-foot runways and an operating control tower. From a training standpoint you couldn't ask for a safer and more professional environment. Fly Legacy Aviation offers an experienced team of 25 professional instructors and a large fleet of new Piper and Diamond aircraft with its own maintenance department.
