

We're Back to Business, Better Than Ever

We are excited to be able to extend our Fly Legacy family, now with the entire world. Fly Legacy Aviation is proud to announce the received approval from the United States Government to issue I-20's for the M-1 Visa to qualifying students, who meet certain criteria.

For more information and requirements, please visit flylegacyaviation.com/international

Fly Legacy Aviation is a SEVIS approved school. For international students, we are authorized to issue the form I-20 to take to the United States Embassy to apply for the M-1 visa. According to the AOPA, this is the only visa allowed for flight training in the US.

Our M-1 Foreign Student Visa Approved Professional Pilot Training Programs include the following, all Part 141:

- Private Pilot Course
- Instrument Rating Course
- Commercial Pilot Course
- Multi-Engine Add-On Course

Pilot History in July

This month, the first woman to fly solo across the Atlantic ocean, along with being the first person to ever fly from Hawaii to the U.S mainland, was honored nationally.

Amelia Earhart was born on July 24 of 1897, and disappeared during flight on July 2, 1937 during a historic attempt to circumnavigate the world.

Earhart continues to inspire millions of pilots everywhere, and is still considered one of the greatest unsolved mysteries of modern time.

Gene's Aviation Trivia

- What is a window demister?
- What is VCOA?
- What is the propeller blade angle?
- What is an antenna duplexer?

“There’s more to life than being a passenger.”

Amelia Earhart

"I just got my PPL a few days ago after training with my instructor at Legacy. I still can't believe that I am able to fulfill my childhood dream of becoming a pilot, which has come true. People at Legacy are very professional and easy going. Looking forward to continuing my training at Legacy!" — Sufi

"Fly Legacy Aviation is a great flight school full of professional people whose main goal is the success of its students! I have switched flight schools over to Legacy and have not regretted the decision ever since... I highly recommend this place to anyone who wishes to start their flight training or is looking to try out flying!" — Nikita

Young Pilot Camp

Fly Legacy Aviation successfully completed another month of our Learn to Fly program, all while continuously taking precautions to fight COVID-19. The implementation of temperature taking, sanitizing stations, social distancing and masks was utilized to ensure a safe and fun environment.

Our last weeks of the summer sessions include the following:

- August 3-7, 2020
- August 17-21, 2020
- August 10-14, 2020
- August 24-28, 2020

We look forward to finishing another season strong, and sharing our passion for aviation.

For more information, registration and itinerary, feel free to visit our website: flylegacyaviation.com/camp

July 2020 — *“My son has attended this camp two years in a row and absolutely loves it. The knowledge of aerodynamics, flight and science he fully absorbs. The desire to become more interested in flight is evident. His ability to take a flight around PNE and assist in take-off and flying maneuvers is something he talks about for days and weeks. He is now begging me to put a flight simulator in our home :)”.*

William Fulmer

July 2020 — *“My 12yr old son just completed Fly Legacy’s summer camp. It was a wonderful experience for him and I highly recommend it. He learned and grew so much in a week. The program’s instructor and entire team is amazing! He now wants to be a pilot”.*
