

Fall Foliage Flights Are Back!

Come enjoy the change of color by participating in Fly Legacy Aviation's popular Fall Foliage Flights.

This year, we are offering two opportunities to see the unique Pennsylvania views on a scenic skyride, including 1 hour for the price of \$195 and 2 hours for the price of \$295.

Fly Legacy Aviation is now open for booking through our website, as well as over the phone.

Remembering Our Fellow Aviators on 9/11

Americans will always feel the sorrow of the terrorist attacks that took place on September 11, 2001. This month, Fly Legacy Aviation wants to remember the thousands of individuals who lost their lives, their loved ones, and both the pilots and flight attendants on American Airlines Flight 11, United Airlines Flight 175, American Airlines Flight 77, and United Airlines Flight 93.

After hijacking, Flight 11 crashed into the north World Trade Center tower with 92 people on board, Flight 175 into the south tower with 56 passengers, Flight 77 into the Pentagon with 64 passengers, and Flight 93 crashed into a field in Pennsylvania after the passengers and flight crew diverted the aircraft from its' Washington D.C target. The pilots and attendants who performed their duties courageously throughout the unfathomable events of September 11th are as follows:

John Ogonowski: *Pilot of Flight 11*

Thomas McGuinness: *First Officer of Flight 11*

Barbara Arestegui, Jeffrey Collman, Sara Low, Karen Martin, Kathleen Nicosia, Betty Ong, Jean Roger, Dianne Snyder, and Madeline Sweeney: *Flight Attendants of Flight 11*

Victor Saracini: *Pilot of Flight 175*

Michael Horrocks: *First Officer of Flight 175*

Robert Fangman, Amy Jarret, Kathryn Laborie, Alfred Marchand, Amy King, Michael Tarrou, and Alicia Titus: *Flight Attendants of Flight 175*

Charles Burlingame: *Pilot of Flight 77*

David Charlebois: *First Officer of Flight 77*

Michele Heidenberger, Kenneth Lewis, Jennifer Lewis, and Renee May: *Flight Attendants of Flight 77*

Jason M. Dahl: *Pilot of Flight 93*

LeRoy Homer: *First Officer of Flight 93*

Deborah Welsh, Lorraine Bay, Sandy Bradshaw, Wanda Green, and CeeCee Lyles: *Flight Attendants of Flight 93*

We will never forget.

Fly Legacy Alumni Changing Aviation

Romello Walters, a previous student under the instruction of Shavana Jones, recently got spotlighted in CNN Travel for his advocacy for diversifying the aviation industry.

Through Fly for the Culture, Walters received a scholarship for flight instruction, and now works with the organization to inspire others to fly. Aside from his flight training, Romello runs the social media accounts for Fly for the Culture, where he actively participates in recruiting and representing African American aviators.

"My love for aviation is very real, but I have a way bigger love for just giving people the vision of what is possible," he told CNN.

Fly Legacy Aviation is beyond proud, and we hope to follow Romello's footsteps in providing the gift of flight to everyone.

Our Fall Kids Camp

Another successful weekend was added to the books this month. Students participated in aviation activities, practiced flight, and even got their own log books signed by a certified Flight Instructor towards flight hours. Missed out? There are still open weekends ahead! Book now while reservations are open for the following dates:

- October 10-11
- October 17-18
- November 14-15
- November 21-21

Why Should Kids Have All the Fun?

Due to popular demand, Fly Legacy Aviation is pleased to announce the start of our Adult Weekend Camp, where adults can come in our doors and learn about the fascinating world of aviation as part of our renowned Learn to Fly program.

This enjoyable and exciting two-day program for grown-ups is based on our acclaimed Aviation Camp program. Participants will build and fly balsa gliders and rubber band powered airplanes; discover how aircraft are controlled; pilot a flight simulator over the City of Philadelphia and even take the controls during an aircraft flight. Your simulator session and introductory flight will be under the direction of an FAA Certified Flight Instructor.

Topics include the following:

- Airplane anatomy
- Forces of Flight
- Why do airplanes fly?
- Steering the airplane
- Simulator session
- Introductory Flight in one of our aircraft

At the cost of \$260, from 9am to 4pm on Saturday and Sunday, dates are now available online for booking:

- October 24-25
- November 28-29
- December 12-13
- December 19-20
